

“Partnering for Compliance”™ 2025 Customs/Import Boot Camp January 23rd, 2025 (Virtual)

Sample Participant Comments / Survey Questionnaire Results & Responses

I would highly recommend events/webinars from Braumiller and look truly look forward to joining future events/webinars. The presenters were friendly and relatable, managing to hold my interest the entire time even though most of the topics I’ve known a long while having been in the import consulting industry more than 20 years. Also, it was nice to finally find a webinar where the Q&A portion wasn’t rushed through or most of the questions were overlooked.

Everyone is so friendly it’s like we’ve known each other for years!

Anita Sammons, LCB

Account Manager, **FOCUS Business Solutions, Inc.**

Taylor, MI

I had an “Aha” moment (the lightbulb went on) when Adrienne Braumiller wrote in the chat “You do not need a separate ACE account to access both import and export functions; if your company already has an ACE account set up for imports, you can simply request access to the Exporter function within your existing account to view and manage exports, all under the same login credentials.” This will help me with something I’m currently addressing at my office. I very much appreciate the extensive experience and depth of knowledge shown by both Adrienne and Bruce. With some of the things I learned from the webinar, I’m now more confident in providing a bit of import guidance to my team. Also, as the webinar was coming to a close, it was wonderful to hear Ailish comment on how we were helping each other (perhaps in the Q&A chat), and she encouraged us all to continue doing so. It was so nice of Ailish to point out our willingness to assist others; I will keep that in mind.

Anne Reichert

Manager – International Trade and Compliance

General Dynamics Corporation, Reston, VA

Thank you for the excellent “boot camp”! Adrienne and Bruce have a wealth of practical experience and made the presentation both interesting and informative. It was also impressive that, in addition to the presentation, they provided great responses to so many questions in the chat (and then covered the rest of them at the end)!

Very informative session; the speakers covered a host of topics that are relevant and based on the current political environment. The organizing team was also able to keep up with all the questions and respond to the best of their ability and provide guidance. Highly recommend the session for others involved in imports / exports.

Love the Customs/Import Boot Camp run by Ailish NicPhaidin, M.Sc. with speakers Adrienne Braumiller, Esq. and Bruce Leeds, Esq. Covers so many areas for importing. Great for newbies and even better for a refresher which will include all the latest information. Adrienne and Bruce are awesome as they are easy to understand, work together so well, and will answer all of your questions.

Highly recommended!

The Braumiller Law Firm team has been an excellent supporter of Epiroc and other companies I've worked for in the past. I could not THANK them ALL enough. They are all such great people with kindness, a great sense of humor and vast knowledge, accomplished optimal levels of performance with great sincerity in many areas of trade compliance. I appreciate all their time, efforts guidance and support.

Epiroc Drilling Solutions LLC

I thought they {speakers} were both very good and knowledgeable and presented the material in an easy-to-understand manner and were so good and patient about making sure everyone's questions were answered. They were great!
