

**“Partnering for Compliance™” 2026  
Customs/Import Boot Camp  
January 22<sup>nd</sup>, 2026 (Virtual)**

## **Sample Participant Comments**

*Thank you to Ailish, Alannah and team for yet another great Import Boot Camp. Adrienne and Bruce once again hit it out of the park, covering many import topics within the 8-hour time frame. Special thanks for the “extra” time spent discussing all things tariff and the strategies, best practices, etc., to be aware of within our businesses. Your dedication to the industry and efforts to assist us as importers does not go unnoticed. I highly recommend the Partnering for Compliance Import Boot Camp, as it is an elite import session that should be attended by all!*

*The most valuable part of this program was the clear and thorough explanation of key and not so well-known aspects of 19CFR coupled with the practical knowledge and stories that Adrienne and Bruce provided. The information helped me begin to generate ideas on how to improve an existing import compliance program. For that, I am thankful.*

I've attended the PFC Customs/Import Boot Camp for many years, and I am never disappointed. Bruce and Adrienne are so knowledgeable, and they always amaze me with the depth of their expertise. I highly recommend this course to anyone in import compliance, shipping/receiving or logistics.

"The conference was one of the most informative and comprehensive sessions I have ever attended. I learned useful firsthand information on the creation and regulations of Chapter 98 codes. I also gained invaluable insight on Section 232 that enlightened myself and my team."

Logistics Analyst

"I was drawn to this particular webinar because Bruce Leeds was one of the instructors. Bruce is well known for teaching the customs brokerage exam classes in the Los Angeles area. He is very good with explaining customs regulations, and he can relate them to his own real-life experiences."

*The Partnering for Compliance Customs Import Boot Camp for 2026 was another amazing success. Many topics covered and all questions answered. So easy to understand and talk to Adrienne and Bruce. The 7 hours goes by so quickly with all the information covered. See you again in 2027!*
